

Owen Ramírez

REACT NATIVE MOBILE DEVELOPER

I am 21 years old, I am a current 7th-semester Telematics student at the University of Colima. I like to work on mobile and web development and learn new programming languages. I am a person that likes teamwork and stays every time on communication with my team and be a person with an open mind to learn from other people to grow my knowledge. I'm not an expert but I like to share my knowledge with other people because maybe others don't know the things that I know.

EXPERIENCE

BrightCoders Academy, Colima, Colima — React Native developer

May 2020 - November 2020

I started this program with some web development to show my skills in this development for a month, then, in the following five months, I learned and worked with React Native mobile development. Also, I worked all this time with Git and GitHub for version control systems.

EDUCATION

Telematics engineer, University of Colima — bachelor

August 2017 - August 2021

I like everything that has to do with technology, and that's why I decided to study this major because here, I've learned some a little of everything (Programming, Networks, electronic, Operative Systems, etc).
