

# Alejandro Cabrera

RUBY ON RAILS WEB DEVELOPER

I'm a beginner programmer. I studied at the University of Colima on the Engineering of Computational Systems. I know the basic system of computers, how to assemble it, and get their maintenance. Also, I have knowledge of some programming languages, especially Python. I want to develop in multiple areas before I try to specialize in one.

## EXPERIENCE

### Course of Dart

(10/10/2018-12/10/2018)

### Personal Project

Learn and create a blockchain, and then apply it to specific services related to data.  
(In progress)

### Thesis

About the segmentation of ECG signals with techniques of linear regression implemented on MicroPython.  
(In progress)

## EDUCATION

### Universidad de Colima, Colima — Bachillerato Tecnico No.16

August 2012 - July 2015

### Universidad de Colima, Colima — Ingenieria en Sistemas Computacionales

August 2015 - August 2019
