ABOUT ME

B.S. in Software Engineering with internship experience looking for a position that leverages strong organization and communication skills into a growth role. Growing professionally while aligning with the objectives of the company is my main objective.

WORK EXPERIENCE

4th Source, Colima, Col. – *QA Intern*

02/2020 – 05/2020

Joined a QA team to test a new project for interns.

Design of scenarios and test cases.

Worked with Eclipse and Cucumber on the scripting of the scenarios for automation testing.

Worked with Postman and SoapUI for manual testing, doing requests to API's.

Worked with Maven and Git for automation testing.

Implemented tracking of bugs and fixes.

Tata Consultancy Services, Querétaro, Qro. – *IT Trainee*

11/2020 – PRESENT

Safeguards information system assets by identifying and solving potential and actual security problems.

Protects system by defining access privileges, control structures, and resources.

Recognizes problems by identifying abnormalities, reporting violations.

EDUCATION

Universidad de Colima, Colima, Col. – *B.S. Software Engineering*
